## Hello comic retailers and fans!

Welcome to PRH Panels, the Penguin Random House catalog for the Direct Market, highlighting the incredible graphic novels, manga, games, and more that debut every month. We can't wait for you to find the next story to inspire and entertain you, and the latest games and gifts to bring you together.

Kicking off our Comics section is a new adventure with everyone's favorite witcher, Geralt, in ***The Witcher: Wild Animals #1***! Geralt finds that where man and creature coexist, there is an unspoken rule—one where the skills of a witcher go beyond killing monsters. Fans of the hit games by CD Projekt Red won't want to miss this. Then, we take to the stars with ***Star Trek: Picard's Academy #1***, to see what the famous tea-sipping captain was like when he was just Cadet Picard! Jean-Luc is just an ordinary student determined to blow everyone out of the water by acing his Evasive Maneuvers exam and graduating early. Unfortunately for the surly Cadet, the exam is a group project, which means he'll have to make friends?! This is sure to be a hit with Trekkies!

Our Graphic Novel spotlight is ***Where is Anne Frank***, a beautiful follow-up to the bestselling and award-winning *Anne Frank's Diary: The Graphic Adaptation*. The creative team returns to give life to Anne's imaginary friend Kitty, to whom her diary entries were addressed. When lightning strikes the protective glass case where the famous diary is housed in the Anne Frank House in Amsterdam, Kitty magically comes to life. She recounts the complete story of Anne's life, family, and diary from her own unique perspective, and her present-day adventures bring her in contact with the refugee crisis in Europe, where she discovers the true meaning of Anne Frank's legacy.

The Kids & YA section features ***The Heroes of Olympus, Book Three: The Mark of Athena: The Graphic Novel***. It's the third graphic novel adaptation of Rick Riordan's bestselling *Heroes of Olympus* series, and features fan-favorite characters from Camp Half-Blood and Camp Jupiter uniting to complete the Prophecy of Seven. *Percy Jackson and the Olympians* will soon be a series on Disney+ and has a massive fanbase, so it's the perfect time to get this on your shelves!

Our Manga, Manhwa, & Manhua section spotlights ***Final Fantasy XIV: Eorzea Academy***, a modern-day high school comedy featuring everyone's favorite Final Fantasy XIV characters! Walk the halls of Eorzea Academy, where you'll find Final Fantasy characters in school uniforms and more references and easter eggs for the hit game series than you can count. Fans have been clamoring for the English-language release of this title since it released in Japan in 2022, and it's finally arriving!

Last but not least, our Games & Gift section features something truly unique—a memoir written by an actual superhero?! ***Look Out For The Little Guy!*** is the in-movie memoir written by Scott Lang, aka Ant-Man, about his life as an Avenger. He'll go over his struggles and triumphs, his personal life and very public superhero life, and an account of what *really* happened in the fight between The Avengers and Thanos. This prose memoir is sure to be a hilarious gift for Marvel fans, dads, and ant enthusiasts everywhere!

All this and much, much more can be found in this month's PRH Panels. Don't hesitate to explore this catalog and find the perfect new book! ## The Periodic Table of DC

Written by DK

From Superman, whose powers are enhanced by Earth's yellow sun; to The Flash, imbued with the Speed Force; and from Batman's superior human abilities to the mystically empowered Wonder Woman, not to mention the criminal genius of Lex Luthor and The Joker; the DC universe comprises a vast and varied array of heroes and villains. Whether Atlantean or Amazonian, magical or elemental, technologically augmented or genetically evolved, key and lesser-known DC characters are expertly classified in The Periodic Table of DC to illuminate the properties that bind them, the catalysts that created them, the active agents that energize them, and the fundamental forces that underpin the DC Multiverse.

## Witches Run Amok

The Oral History of Disney's Hocus Pocus

Written by SHANNON CARLIN

The oral history of Disney's Hocus Pocus, timed for the film's thirtieth anniversary!

In July 1993, Disney's Hocus Pocus, starring Bette Midler, Sarah Jessica Parker, and Kathy Najimy, did not immediately find success, with box office numbers falling far below even the now largely forgotten Dennis the Menace. Yet somehow the Halloween movie released in the middle of the summer to little fanfare has become an enduring and widely loved classic. Nearly three decades after the film's initial release, it's a yearly holiday viewing tradition in households around the world. Beyond the movie itself, the Sanderson sisters have inspired Halloween costumes, Carvel ice cream shakes, scented candles, a makeup collection, and numerous drag brunches across the United States.
