Direct Market Ordering Catalog for Products Shipping in January and Beyond

Hello comic retailers and fans!

Welcome to PRH Panels, the Penguin Random House catalog for the Direct Market, highlighting the incredible graphic novels, manga, games, and more that debut every month. We can't wait for you to find the next story to inspire and entertain you, and the latest games and gifts to bring you together.

Our Comics section features *Blue Book: 1947 #1*, the follow-up to the hit series about truly weird UFO abductions! These new strange tales begin with a pilot who runs into some unexpected flying objects that change his life forever. Also includes a True Weird backup story! Then we're getting a little romantic with *Godzilla: Valentine's Day Special*. Godzilla is obviously a pro at crushing things, but now it's everyone else's turn to crush... on each other! This is the perfect read for the kaiju cutie in your life.

Featured in our Graphic Novels section is *Zodiac: A Graphic Memoir*, from artist and activist Ai Weiwei. As a child living in exile during the Cultural Revolution, Ai Weiwei was inspired by the government-approved comic books he was allowed to read. Now he's taken stories of his life and woven it with Chinese folklore to create a stunningly beautiful memoir that examines the sociopolitical climate he grew up in, and the philosophical exploration of what it means to find oneself through art.

It's twin vs. twin in the Kids & YA section with *Sweet Valley Twins: Choosing Sides*! The hit contemporary middle grade graphic novel series continues as Elizabeth and Jessica find themselves at odds. Elizabeth's friend Amy wants to join the Unicorn Club's cheer squad, but she's afraid they'll take her best friend away. When it turns out they don't want her, Elizabeth will have to stand up to the squad—including her twin sister!

In our Manga, Manhwa, & Manhua section, we've got a thrilling new omnibus perfect for fans of Naoki Urasawa's *Monster* and *The Promised Neverland* in *King in Limbo Omnibus 1 (Vol. 1-2)*. Eight years have passed since a sickness known as "the Sleep" ended thanks to a dangerous procedure that involves diving into a patient's memories. Petty Officer Adam Garfield intended to retire from the U.S. military after losing one of his legs, but when the Sleep returns, he'll have to coax the man who cured it to come back and help. A gripping, complex read!

Finally, we're learning how to draw in our Gift & Games section with *How to Draw (Minecraft)*. It might seem simple to draw a block, but what about a creeper or an Enderman? This book takes you step-by-step in recreating your favorite angular world and is a perfect gift for budding artists and, of course, Minecraft fans!

All this and much, much more can be found in this month's PRH Panels. Don't hesitate to explore this catalog and find the perfect new book! As always, retailers who have any questions about the ordering process or would like to open an account with PRH, are encouraged to email us at comicmarketUS@penguinrandomhouse.com.

Wishing you the very best,

Zodiac

A Graphic Memoir

Written by AI WEIWEI with ELETTRA STAMBOULIS; Illustrated by GIANLUCA COSTANTINI

In this beautifully illustrated and deeply philosophical graphic memoir, legendary artist Ai Weiwei explores the connection between artistic expression and intellectual freedom through the lens of the Chinese zodiac.

As a child living in exile during the Cultural Revolution, Ai Weiwei often found himself with nothing to read but government-approved comic books. Although they were restricted by the confines of political propaganda, Ai Weiwei was struck by the artists' ability to express their thoughts on art and humanity through graphic storytelling. Now, decades later, Ai Weiwei and Italian comic artist Gianluca Costantini present *Zodiac*, Ai Weiwei's first graphic memoir.

Inspired by the twelve signs of the Chinese zodiac and their associated human characteristics, Ai Weiwei masterfully interweaves ancient Chinese folklore with stories of his life, family, and career. As readers delve deeper into the beautifully illustrated pages of *Zodiac*, they will find not only a personal history of Ai Weiwei and an examination of the sociopolitical climate in which he makes his art, but a philosophical exploration of what it means to find oneself through art and freedom of expression.

INTERIOR SPREADS FROM **How to Draw (Minecraft)**

2D, OR NOT 2D?

As we all know, most things in Minecraft are 3D — the blocks, the mobs, the world — but there are also a lot of 2D images throughout the game, so let's start with those. The main 2D images in the game are, you guessed it, icons! There's an icon for almost everything in Minecraft.

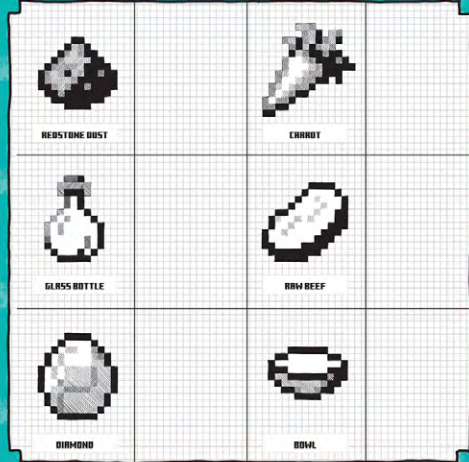

All of the icons in Minecraft are made up of pixels, small squares that make up images in technology. On modern screens, the pixels are so tiny that your eyes can't even see them. However, Minecraft likes to embrace the pixelated look.

Here are lots of examples for you to try yourself. Pick a starting point and work line by line to draw all of the pixels, and then shade them in. See page 18 for how to shade.

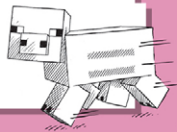

TOP TIP

The easiest way to draw icons is on grid or dot paper, but don't worry if you don't have either of these — you can always draw the grid or dots yourself, or just draw your icons without them.

PIG

Be wary of pigs in a storm — when struck by lightning, they become zombie piglins!

STEP 1

Start off by drawing a chunky rectangular block for your pig's body.

STEP 2

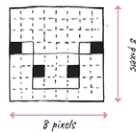

Now draw a shallow square cube at a slightly different angle, so it looks like your pig is looking up.

STEP 3

After five years of conflict, the planets Eiram and E'ronoh are on the cusp of real peace.
