We're kicking off the new year in our Comics section with *Dudley Datson #1*, a rollicking sci-fi adventure from bestselling creators Scott Snyder and Jamal Igle! This modern-day fable stars titular Dudley Datson, an inventive teenager with a pet dog who's off on a wild adventure in time and space! Then, two iconic franchises collide in *Godzilla Vs. The Mighty Morphin Power Rangers II #1*! The Teenagers with Attitude meet the King of the Monsters—what more could you ask for?! Rita Repulsa has the collective might of the biggest monsters in the multiverse, and the Power Rangers must stop them. It feels just like being a kid playing with all your toys at once!

In our Graphic Novels section, we're spotlighting *Nothing Special, Volume One - Through the Elder Woods*. Katie Cook's popular Webtoon is in print for the first time, with exclusive bonus content and everything! Callie's dad owns a magical antique shop, but she's been kept from the magical realm for her own protection, much to her dismay. But when she comes home to find her home in disarray and her dad missing, she'll have to dive into the magical realm with her friend Declan and the ghost of a radish (aptly named Radish) to track him down!

Get ready to roll for initiative in *Table Titans Club*, our spotlight title in the Kids & YA section. Valeria has always had more trouble than friends, but she meets the gaming club Table Titans at her new school and feels at home right away! But when the future of the club is threatened, she'll have to roll a nat 20 and band together with her adventuring party to keep them together. This is a fantastic middle grade read for kids excited about roleplaying games like D&D.

Exclusive alert! Our Manga, Manhwa, & Manhua section features *Initial D Omnibus 1 (Vol. 1-2) (Direct/Anime Market Exclusive Edition)*, which is only available to order for comic and anime retailers! *Initial D* is a manga classic that made Japanese street racing a worldwide sensation, and now it's back with a fresh new translation and larger size. This is a must-read for fans of sports manga and the Fast & Furious franchise! Plus, once this version is gone, it'll never be reprinted!

Swing on over to the Games & Gift section for *The Art of Marvel's Spider-Man 2 (Deluxe Edition)*, a beautiful collector's edition featuring special treatment and an exclusive print. The Spider-Man games have been smash hits, and this latest release is no different. Now fans can see behind-the-scenes concept art and creator commentary. Nothing Special, Volume One

Through the Elder Woods
(A Graphic Novel)

Written by KATIE COOK

In the grand scheme of the worlds at large, Callie thinks she's nothing special. Sure, she's friends with the ghost of a radish and her dad owns a magical antique shop—but she's spent her life in the human world. Her dad won't let her join him on his collection trips in the magical realm "for her own protection", so she's only caught glimpses of that world through the gates of the town where her father's store is.

On her seventeenth birthday, Callie goes home with her friend Declan to find her home in disarray and her dad missing. Signs of a struggle point to the portal to the magical realm and when there are signs, you follow them. Now it's up to Callie, Declan, and Radish to band together and bring him home. As they face creatures good and bad, and all sorts of adventure, Callie and Declan may just find out that they are both special in their own ways after all.

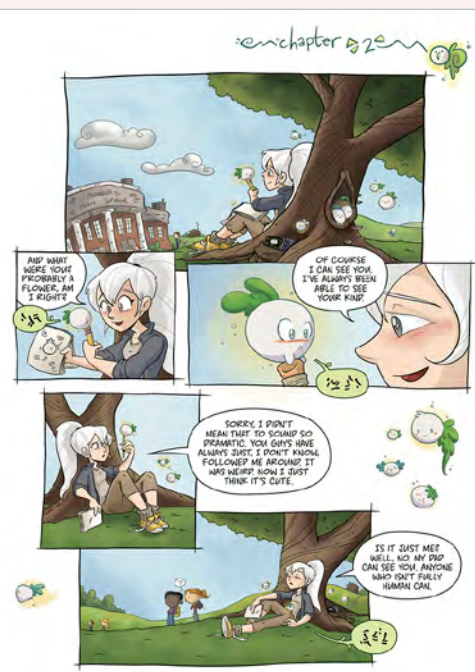

The first season of mayhem, magic, vegetables and adventure from Katie Cook's beloved Webtoon, Nothing Special, is collected in this gorgeous graphic novel, which also features exclusive behind-the-scenes content.

Masters of the Nefarious

Mollusk Rampage
Written by PIERRE LA POLICE;
Translated by LUKE BURNS

A tsunami slams into the Maluku islands. Giant mollusks wreak havoc. An ominous, quadrilateral UFO appears in the night sky. And a mysterious villain watches and waits in the shadows...

Twin paranormal investigators, Montgomery and Chris, and their best friend, Fongor, are on the case, delving into this unduly complicated and possibly nefarious plot. They're the only ones who can unravel the mystery, but they might not—especially if they can't stay on task.

Finally in English, Pierre La Police's Masters of the Nefarious is one of his funniest and most irreverent comics, an unpredictable adventure pastiche that will leave you laughing to the final explosive face- (and pants-)off.

Table Titans Club

Written by SCOTT KURTZ

Valeria Winters has an easier time finding trouble than making friends. A fantasy-obsessed nerd with the legendary confidence—and temper—of a Valkyrie, Val promises her mom that things will be different at her new school. “No more fighting!”

As if by fate, she meets the Table Titans right away—Alan, Andrew, and Darius, who run the school’s tabletop gaming club. Finally, Val has found her own adventuring party! And even better . . . a place where she belongs.

So when the future of the club is threatened, Val makes it her personal quest to save the Table Titans. She’ll have to face the fire-breathing wrestling coach and popular girl Kate, who seems out for revenge. Revenge for what? Val has no clue.

As the quest grows more and more complicated, Val wishes she was like her peaceful druid Lulani from the Table Titans’ campaign, whose calm voice always prevails. If she loses her cool in real life, Val might lose more than the Table Titans club. She’ll have to roll a natural 20 in charisma to keep her new friends together.
