THE KAI-SEI ERA, IDW'S NEW GODZILLA UNIVERSE, STARTS HERE!

In 1954, experimentation with a mysterious energy source known as Kai-Sei awakened Godzilla and a host of immortal kaiju. In the years that followed, humanity has been pummeled by near-constant monster attacks. While Japan has begun to treat the kaiju like natural disasters, understanding that their attempts to fight Godzilla only make the threat worse, the American G-Force is going to *fight, fight, fight*.

The Americans have just discovered the ultimate tool in the fight against kaiju: a young boy named Jacen with the power of Godzilla. Able to harness the mysterious Kai-Sei in the same vein as the King of the Monsters, this boy will either save the world...or bring about its doom.

Join Tim Seeley (*Grayson, Hack/Slash, Local Man*) and Nikola Čizmešija (*Sword of Azrael, Batman and Robin*) on the ride of a lifetime!

What's going on inside the Deadzone?! Find out in the second book of the KAI-SEI ERA, IDW's new connected Godzilla universe!

Inside the new IDW Godzilla universe, there exists a mystery larger than any other...what is the Deadzone? Inhabitants of this new world know the Deadzone to be a walled-off portion of the Pacific Northwest, sequestered after the most disastrous Godzilla attack the country has ever faced. The government would have its citizens believe that nothing is still alive inside the Deadzone...but do you believe that?

There are stories of a man. Or rather...a half kaiju, half man...who travels freely throughout the Deadzone. Some say he can even kill a kaiju. Some say...he's not the only of his kind.

Journey into this mysterious new world in *Godzilla: Escape the Deadzone* with the Eisner-nominated writing duo Griffin Sheridan and Ethan S. Parker (*Kill Your Darlings*) and fan-favorite artist Pablo Tunica (*Teenage Mutant Ninja Turtles*, *Sea Serpent's Heir*).

**Follow Raphael on a lone adventure that picks up after issue #150! Plus, stories featuring Mutant Island, Casey Jones, Pepperoni, and the Punk Frogs!**

In the prelude story “Monster Island,” Old Hob has established a settlement on Mutant Island, but Colonel Wesley Knight is still suspicious and has been monitoring him. Wanting a closer look, Knight finds the bodies of several mutants strung up in spiderwebs on the island!

After the events of “The Armageddon Game,” the Turtles have found themselves at a crossroads, attempting to keep their family united while individually feeling the need to break away and explore life in a world that knows about mutants. To clear his head, Raphael jumps on his motorcycle and heads west on a solo road trip with the wind at his back and no destination in mind...until a dormant enemy out for revenge on the Turtles engineers a dangerous detour to Area 51. When Raphael is held hostage with some unexpected old friends, his soul-searching quest mutates into a crisis as he brawls in the desert to keep the E.P.F.’s cache of coveted technology out of the wrong hands. Will Raphael find his new purpose away from his brothers... or just more trouble than he can handle alone in “Ambush at Area 51!” by writer **Tom Waltz** and artist **Vincenzo Federici**?

Then, in “Casey Jones: Agent of the Foot Clan” by writer **Erik Burnham** and artist **Mateus Santolouco**, after the events of *The Untold Destiny of the Foot Clan*, can Casey tolerate Karai’s descent into ruthlessness, or will he turn his back on the Foot? Read all three graphic novels based on *New York Times* best-selling author Joe Hill's short story "The Cape," collecting *The Cape*, *The Cape: 1969*, and *The Cape: Fallen*.

Every little boy dreams about putting on a cape and soaring up, up, and away...but what if one day that dream were to come true? Eric was like every other eight-year-old boy, until a tragic accident changed his life forever. The Cape explores the dark side of power, as the adult Eric—a confused and broken man—takes to the skies...and sets out to exact a terrible vengeance on everyone who ever disappointed him.

*The Cape: 1969* goes back in time to the Vietnam War when Eric's father, Captain Chase, a medevac helicopter pilot for the U.S. Army, is shot down over enemy territory. He and his crew are in a fight for their lives as they play a deadly game of cat and mouse with the Vietcong...but they soon learn that machine guns and grenades aren't the only terrors hiding in the jungle.

In *The Cape: Fallen*, uncover new folds in Hill's cautionary anti-superhero tale with a story that takes place between the scenes of the original series.

This critically acclaimed, Eisner Award-nominated story—written by **Jason Ciaramella** based on the short story by *New York Times* best-selling author **Joe Hill**, with art by **Zach Howard** and **Nelson Dániel**—smashes the classic superhero myth and wraps the bloody wreckage in a bright blue shroud: ***The Cape***.

**Celebrate the King of Comics and marvel at the art of one of the greatest artists in comics history!**

Jack Kirby's classic Fourth World epic told the story of a group of New Gods sent to Earth to oppose Darkseid. Featuring Beautiful Dreamer, Big Bear, Moonrider, and others, this was Kirby's take on super-powered flower children!

Included in this volume are the full issues for #1, 4, 5, 6, 7, and select pages from #8, with nearly all pages scanned from the originals.

Like all of IDW's award-winning Artist's Edition books, each page has been painstakingly scanned from the original art to ensure the finest possible reproduction, mimicking the experience of seeing Kirby's hand-drawn pages—it's the next best thing to owning the art! While appearing to be in black and white, each page is scanned in color to replicate as closely as possible the experience of viewing the actual original art, including corrections, blue pencils, paste-overs, and all the other little nuances that make original art unique.

### Story

M.D. Ventura

### Art

M. Ferraris

**Once upon a time, there was a brave hero named...Grandpa?! What's he doing in this story?**

Ned is a retired literature teacher without much excitement in his life, but when his grandkids come to visit, he loves to tell them bedtime stories. Every evening, the clumsy knight tries to save the princess in new and different ways, but they never reach the end of the story. On one fateful night, Ned is shocked to wake up inside his fantasy world—full of the characters from his stories, plus many more new friends and foes. And when a terrifying darkness rises, Ned will have to look within himself to confront a threat beyond his imagination.

Bursting with color and creativity, the first collaboration between Italian creators M.D. Ventura and M. Ferraris is a thrilling and poignant graphic novel about storytelling, family, growing old, and staying young.
