Minotaur #1 Cover A Michael Dowling

Comic Script by SIMON SPURRIER;
Illustrated by MICHAEL DOWLING;
Colorist SOFIE DODGSON;
Letterer HASSAN OTSMANE-ELHAOU;
Cover Design or Artwork by MICHAEL DOWLING

Five years ago, a government supercomputer triggered the Singularity: an explosion of technological superintelligence heralding an unimaginable tomorrow. At least, it almost did. Within moments, a failsafe activated. The plug was pulled. The future was aborted. But something leaked in those first picoseconds, through wire and wave. And now? The future fights back. Inexplicable events. Miracles and monsters. Harbingers of revolution...or apocalypse?

Mature

Minotaur is the tale of Gloria Monday, a photojournalist documenting the lives of those, like her, who are haunted, tortured, and transformed by outbreaks of the future; along with the no-nonsense ex-military muscle who watches her six, and the reformed tech bro secretly bankrolling their global mission to expose it all.

From Simon Spurrier (The Flash, John Constantine: Hellblazer, Dead in America) and Mike Dowling (The Amazing Spider-Man, Unfollow) comes Minotaur, an X-Files for the forward-looking era, with science-fiction ideas ripped from the pages of New Scientist, manifesting among human societies in spooky, unsettling ways.

Illustrated by SASPY

Fourteen-year-old Everly “Ev” Espada is walking home one night when she spots her favorite teacher, Father Serrano, suspended in midair, choking and being ripped apart by something she can’t see. Ev swings a nearby pipe and shatters the illusion, exposing a monstrous demon in the middle of her school. By killing one of Earth’s Thirteen Hidden Demons, Ev has unknowingly triggered an ancient covenant. She’s been marked as the latest demon hunter, and the remaining twelve demons are already coming for her. The rules are simple and merciless: slay all thirteen within one year... or they will return more powerful, more vicious, and utterly unstoppable.

Salvage

A Graphic Novel

Written by RENÉE NAULT

Paolo lives in the Flats, a dangerous, water-logged community where families survive by salvaging materials from skyscrapers hidden just beneath the ocean's surface—remnants of a world before sea levels rose. Scavenging the depths comes with its risks, but when Paolo discovers a suitcase of designer clothes, he decides to fulfill his dream: To spend one night in the Uplands, a place of privilege, excess, and freedom. There he meets Jules and her friends, and what begins as a single night of reckless adventure turns into a secret double life—and a seemingly impossible romance that forces Paolo to reckon with who he is, where he belongs, and the importance of being true to himself.
