Ten years ago, the nation of Singapore sank into the Pacific Ocean. The underground terrorist network known as the Seven Seals took credit for the largest act of terror in human history. In the aftermath, the United Nations created a strike team of highly trained covert operatives with one mission: locate, identify, and eliminate the Seven Seals' secretive leader. The team's clandestine affairs were to always remain in the shadows—until their final, explosive confrontation resulted in a large-scale tragedy too bloody to cover up and too tragic to ignore. Disgraced and disavowed by the governments that trained them, the world's most dangerous secret agents have been convicted for their crimes and sentenced to serve time side by side in the one place capable of holding them: their old island headquarters, Fort Cyclone—now known in the media by the derogatory nickname “Fort Psycho.” And that’s where the official story is about to go terribly, terribly wrong...

Billy Pilgrim's journey in **Kurt Vonnegut's** *Slaughterhouse-Five* is at once a farcical look at the horror and tragedy of war where children are placed on the frontlines and die, and a moving examination of what it means to be fallibly human.

So it goes.

Now you can experience Eisner Award–winning writer **Ryan North's** (*How to Invent Everything: A Survival Guide for the Stranded Time Traveler*) and Eisner Award–nominated artist **Albert Monteys's** (*Universe!*) faithful adaptation like never before with this special edition of the critically acclaimed graphic novel, remastered into a premium deluxe format for the very first time!

Bite Me: A Graphic Novel

Written by JENNIFER DUGAN;
Illustrated by KIT SEATON

A sapphic supernatural YA graphic novel, from the author of *Some Girls Do* and the illustrator of *Wonder Woman: Warbringer*.

Poe never imagined that during her senior year of high school she would be attacked by a pair of vampires and turned into one herself. And she never dreamed her longtime crush, Jolie would turn out to be a slayer.

When Jolie drives a wooden stake into her chest, Poe's heart is broken at the betrayal. But somehow she survives, and when she awakens, it's unclear which is stronger inside her: the thirst for blood, or the thirst for revenge on Jolie. Can a vampire and a slayer ever be more to each other than predator and prey?
